

Advisory Board Placement

Startups trying to identify and recruit key members for their Scientific Advisory Board

Client Challenge

- ❓ What are the right profiles for our New Company?
- ❓ Are they interested in joining our BoD?

iIS Solution

- Understand the specific needs of each of the startups holding one on one meetings with the CEOs
- Based on the needs define the specific profiles required across startups
- Prepare a list of profiles across the Countries of interest (top 5 EU and USA) and invite them to participate in a telephone interview (**iIS InterviewsSM**)
- Prepare a short list of candidates to be shared with the startup for a final selection
- Sign T&C with the selected experts
